1. Basis of Presentation

The accompanying Condensed Consolidated Financial Statements (Unaudited) have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for annual audited financial statements. In our opinion, all adjustments (consisting primarily of normal and recurring adjustments) considered necessary for a fair presentation have been included. Due to the seasonality of our business, results for any quarter are not necessarily indicative of the results that may be achieved for a full fiscal year. These Condensed Consolidated Financial Statements (Unaudited) should be read in conjunction with the audited Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended February 2, 2019, filed with the Securities and Exchange Commission ("SEC") on March 28, 2019.

As used herein, the terms "we," "our," "us" and "Stein Mart" refer to Stein Mart, Inc. and its wholly-owned subsidiaries.

Recently Adopted Accounting Standards

In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-02, Leases, to increase transparency and comparability among organizations by recognizing lease assets and liabilities on the balance sheet and disclosing key information about leasing arrangements. We adopted this ASU and the related amendments as of February 3, 2019.

At transition, we elected the package of practical expedients, which allowed us to carry forward the historical lease classification, to not reassess prior conclusions related to initial direct costs, and to not reassess whether any expired or existing contracts are or contain leases. We did not elect the use of hindsight to determine the term of our leases at transition. We also elected the practical expedient to not separate non-lease components from the lease components to which they relate and instead to combine them and account for them as a single lease component. We made an accounting policy election not to capitalize leases with an initial term of twelve months or less.

Adoption of the new standard had a significant effect on our Condensed Consolidated Balance Sheets (Unaudited) due to the addition of operating lease assets of \$382.5 million and operating lease liabilities of \$422.7 million, as of February 3, 2019. We also recognized a cumulative effect adjustment that increased retained deficit by \$2.1 million for transition impairments related to previously impaired leased locations. The standard did not have a significant effect on our results of operations or cash flows. Consistent with the optional effective date transition method, the financial information in the Condensed Consolidated Balance Sheets (Unaudited) prior to the adoption of this new lease accounting guidance has not been adjusted and is therefore not comparable to the current period presented.

See Note 8 "Leases" for additional information.

Recent Accounting Standards Not Yet Adopted

In August 2018, the FASB issued ASU No. 2018-15, Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40). This update provides additional guidance to ASU No. 2015-05, Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40), which was issued in April 2015. The amendments in this ASU align the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an internal use software license). This ASU is effective for annual reporting periods beginning on or after December 15, 2019, and interim periods within those annual periods with early adoption permitted in any interim period for which financial statements have not yet been issued. We are in the process of evaluating the effect that this ASU will have on our financial condition, results of operations and cash flows.

2. Revision of Previously Issued Financial Statements

During the quarter ended May 4, 2019, we identified a financial statement misstatement related to previous impairment calculations, which resulted in an overstatement of property and equipment, net, and an understatement of retained deficit of \$4.1 million and \$3.9 million as of February 2, 2019 and May 5, 2018, respectively. The error also resulted in an understatement of selling, general and administrative expenses of \$0.2 million and less than \$0.1 million for the year ended February 2, 2019 and 13 weeks ended May 5, 2018, respectively. Based on an analysis of quantitative and qualitative factors, we determined that the error was not material to our prior interim and annual financial statements. We revised the accompanying Condensed Consolidated Balance Sheets (Unaudited) as of February 2, 2019 and May 5, 2018 and the Statement of Operations (Unaudited) for the 13 weeks ended May 5, 2018.

3. Revenue Recognition

Revenue from sales of our merchandise is recognized at the time of sale net of any returns, discounts and percentage-off coupons. Our Ecommerce operation records revenue as orders are fulfilled and provided to a carrier for delivery. Shipping and handling fees charged to customers are also included in total net sales with corresponding costs recorded as cost of goods sold as they are considered a fulfillment cost. Future merchandise returns are estimated based on historical experience. Sales tax collected from customers is not recognized as revenue and is included in accrued expenses and other current liabilities on the Condensed Consolidated Balance Sheets (Unaudited) until paid. Our shoe department and vintage luxury handbag department inventories are each owned by separate single suppliers under supply agreements. Our commissions from the sales in these areas are included in net sales on the Condensed Consolidated Statements of Operations (Unaudited).

We offer gift and merchandise return cards to our customers. At the time gift cards are sold, the issuance is recorded as a liability to customers, and no revenue is recognized. At the time merchandise return cards are issued for returned merchandise, the sale is reversed and a liability to customers is recorded. These card liabilities are reduced and sales revenue is recognized when they are redeemed for merchandise. Card liabilities are included in accrued expenses and other current liabilities in the Condensed Consolidated Balance Sheets (Unaudited).

Our gift and merchandise return cards may not ultimately be redeemed either in full or partially. We account for this "breakage" of unused amounts as revenue in proportion to the pattern of rights exercised by the customer. Breakage revenue is recorded within other revenue in the Condensed Consolidated Statements of Operations (Unaudited). During both the 13 weeks ended May 4, 2019 and May 5, 2018, we recognized \$0.6 million of breakage revenue on unused gift and merchandise return cards.

Credit Card

We offer co-branded and private label credit cards under the Stein Mart brand. These cards are issued by Synchrony Bank ("Synchrony"). Synchrony extends credit directly to card holders, provides all servicing for the credit card accounts and bears all risk of credit and fraud losses.

We receive royalty revenue from Synchrony based on card usage in our stores and at other retailers for the Stein Mart Mastercard. We also receive revenues for new accounts and gain share based on the profitability of the overall program. Credit card revenue is recorded within other revenue in the Condensed Consolidated Statements of Operations (Unaudited). These revenues are recorded as they are earned based on the occurrence of the various program activities and represent the majority of other revenue.

Card holders are eligible to participate in the credit card rewards program, which provides for reward certificates. We defer a portion of our revenue for loyalty points earned by customers and recognize the revenue as the certificates earned are used to purchase merchandise by our customers. This revenue is recorded within other revenue in the Condensed Consolidated Statements of Operations (Unaudited).

Certificates may not ultimately be redeemed either in full or partially. We account for this "breakage" of unused amounts as revenue in proportion to the pattern of rights exercised by the customer. Breakage revenue is recorded within other revenue in the Condensed Consolidated Statements of Operations (Unaudited). During the 13 weeks ended May 4, 2019 and May 5, 2018, we recognized \$1.9 million and \$1.4 million, respectively, of breakage revenue on unused credit card reward certificates and points.

5. Shareholders' Equity*Dividends*

During the 13 weeks ended May 4, 2019 and May 5, 2018, there were no cash dividends declared.

Stock Repurchase Plan

During the 13 weeks ended May 4, 2019 and May 5, 2018, we repurchased 102,543 shares and 45,103 shares, respectively, of our common stock in the open market at a total cost of \$0.1 million and less than \$0.1 million, respectively. Stock repurchases on the open market, under a Board of Directors authorized plan, were for taxes due on the vesting of employee stock awards. As of May 4, 2019, there are 366,889 shares which can be repurchased pursuant to the Board of Directors' current authorization.

6. Earnings per Share

Basic earnings per share ("EPS") is computed by dividing net income by the basic weighted-average number of common shares outstanding for the period. Diluted EPS is calculated by also considering the impact of potential common stock equivalents on both net income and weighted-average number of common shares outstanding. We no longer compute EPS under the two-class method since we do not have any remaining participating securities containing non-forfeitable rights to dividends.

The following table sets forth a reconciliation of basic weighted-average number of common shares to diluted weighted-average number of common shares (in thousands):

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018
Basic weighted-average shares outstanding	47,111	46,610
Incremental shares from share-based compensation plans	445	49
Diluted weighted-average shares outstanding	47,556	46,659

Diluted weighted-average shares outstanding exclude approximately 2.9 million shares and 3.7 million shares during the 13 weeks ended May 4, 2019 and May 5, 2018, respectively, which are anti-dilutive for the periods presented. These shares are comprised of a mix of stock options, performance awards and restricted stock units. Stock options excluded were those that had exercise prices greater than the average market price of the common shares such that inclusion would have been anti-dilutive. Restricted stock units and performance shares excluded were shares that were anti-dilutive as calculated using the treasury stock method.

Long-term debt	\$ 152,999	\$ 153,253	\$ 49,266

Revolving Credit Facility and Equipment Term Loan

On February 3, 2015, we entered into a \$250.0 million senior secured revolving credit facility pursuant to a second amended and restated credit agreement (the "Credit Agreement") with Wells Fargo Bank ("Wells Fargo"), with an original maturity of February 2020 (the "Revolving Credit Facility") and a secured \$25.0 million master loan agreement with Wells Fargo Equipment Finance, Inc. (the "Equipment Term Loan") with an original maturity of February 2018. Borrowings under the Revolving Credit Facility were initially used for a special dividend but are subsequently being used for working capital, capital expenditures and other general corporate purposes. During 2015, debt issuance costs of \$0.4 million were associated with the Revolving Credit Facility and the Equipment Term Loan. Debt issuance costs associated with the Credit Agreement are being amortized over its term. We repaid the Equipment Term Loan in full on January 22, 2018, at which time the associated debt issuance costs were fully amortized.

On February 19, 2018, we entered into Amendment No. 1 (the "Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Credit Agreement Amendment provided for, among other things, an Accommodation Period (as defined in the Credit Agreement Amendment) during which we were not required to meet the Fixed Charge Coverage Ratio (as defined in the Credit Agreement). This change permitted us to borrow the full amount of the then applicable borrowing base until we delivered our financial statements for the Measurement Period (as defined in the Credit Agreement) ended February 28, 2018. Pursuant to the Credit Agreement Amendment, a Cash Dominion Event (as defined in the Credit Agreement Amendment) occurred as of the effective date of the Credit Agreement Amendment and at all times thereafter. Because of the Cash Dominion Event, all of our cash receipts were swept daily to repay outstanding borrowings under the Credit Agreement and the amount outstanding under the Credit Agreement was classified as a short-term obligation. As noted below, the Third Credit Agreement Amendment removed the Cash Dominion Event effective September 18, 2018.

On March 14, 2018, we entered into Amendment No. 2 (the "Second Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Second Credit Agreement Amendment provided for, among other things, the following: (1) the \$25.0 million Tranche A-1 Revolving Loans (as defined in the Second Credit Agreement Amendment) were repaid in full with the proceeds of the Term Loan (as defined below); (2) the entry into the Intercreditor Agreement (as defined below); and (3) certain other modifications and updates to coordinate the Revolving Credit Facility with the Term Loan.

On September 18, 2018, we entered into Amendment No. 3 (the "Third Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Third Credit Agreement Amendment provided for, among other things, the following: (1) the increase of Aggregate Tranche A Revolving Loan Commitments (as defined in the Second Credit Agreement Amendment) from \$225.0 million to \$240.0 million; (2) an extension of the maturity date of the Revolving Credit Facility to the earlier of (a) the maturity date of the Term Loan Agreement (as defined below) or (b) September 18, 2023; and (3) the elimination of Cash Dominion Event status and a change in Cash Dominion to be triggered only in the event of (a) the occurrence and continuance of any Event of Default or (b) Excess Availability of less than (A) 10.0% of the loan cap at any time or (B) 12.5% of the loan cap for three consecutive business days. During 2018, debt issuance costs of less than \$0.1 million were associated with the Third Credit Agreement Amendment and are being amortized over its term. Debt issuance costs of \$0.1 million remaining under the initial Credit Agreement will also be amortized over the new term of the Third Credit Agreement Amendment. The elimination of cash dominion status changed the debt classification from a short-term to long-term obligation.

On February 26, 2019, we entered into Amendment No. 4 (the "Fourth Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Fourth Credit Agreement Amendment provided for, among other things, a modification to the definition of "Capital Expenditures" and "Permitted Indebtedness" as defined in the Fourth Credit Agreement Amendment.

The total amount available for borrowings under the Credit Agreement is the lesser of \$240.0 million or 100 percent of eligible credit card receivables and the net recovery percentage of eligible inventories less reserves. On May 4, 2019, in addition to outstanding borrowings under the Credit Agreement, we had \$7.9 million of outstanding letters of credit and our Excess Availability (as defined in the Credit Agreement) was \$102.0 million.

The Credit Agreement contains customary representations and warranties, affirmative and negative covenants (including the requirement of a 1.0 to 1.0 consolidated Fixed Charge Coverage Ratio upon the occurrence and during the continuance of any Covenant Compliance Event, as defined in the Credit Agreement), and events of default for facilities of this type and is cross-collateralized and cross-defaulted. Collateral for the Revolving Credit Facility consists of substantially all of our personal property. Wells Fargo has a first lien on all collateral other than equipment.

Borrowings under the Credit Agreement are either base rate loans or London Interbank Offered Rate ("LIBOR") loans. LIBOR loans bear interest equal to the adjusted LIBOR plus the applicable margin (125 to 175 basis points) depending on the quarterly average excess availability. Base Rate Loans bear interest equal to the highest of (a) the Federal Funds Rate plus 0.50 percent, (b) the adjusted LIBOR plus 1.00 percent, or (c) the Wells Fargo "prime rate," plus the Applicable Margin (25 to 75 basis points).

The weighted average interest rate for the amount outstanding under the Credit Agreement was 4.12 percent as of May 4, 2019.

Term Loan

On March 14, 2018, we entered into a Term Loan Credit Agreement with Gordon Brothers Finance Company, as administrative agent (in such capacity, the "Term Loan Agent"), and Gordon Brothers Finance Company, LLC, as lender (the "Term Loan Agreement"). The Term Loan Agreement provided for a term loan in the amount of \$50.0 million (the "Term Loan"). Debt issuance costs associated with the Term Loan were capitalized in the amount of \$0.9 million and will be amortized over the term of the Term Loan. The net proceeds of \$49.1 million from the Term Loan were used to permanently pay off the \$25.0 million Tranche A-1 Revolving Loan (as defined in the Credit Agreement) and to pay down the Revolving Credit Facility. After utilizing proceeds from the Term Loan for repayment of amounts outstanding under the existing Tranche A-1 Revolving Loans, the Term Loan resulted in an increase in our Excess Availability of approximately \$25.0 million under the Credit Agreement.

The Term Loan originally matured on the earlier of (1) the termination date specified in our Credit Agreement, as such date may be extended with the consent of the Term Loan Agent or in accordance with the Intercreditor Agreement (defined below), and (2) March 14, 2020.

On September 18, 2018, we entered into Amendment No. 2 (the "Second Term Loan Amendment") to the Term Loan with Gordon Brothers Finance Company. The Second Term Loan Amendment provided for, among other things, the following: (1) the reduction of the maximum amount of the Term Loan to \$35.0 million; (2) an extension of the maturity date of the Term Loan Agreement to the earlier of (a) the termination date specified in the Revolving Credit Facility (as defined in the Third Credit Agreement Amendment), and (b) September 18, 2023; (3) the reduction of the non-default interest rate applicable to the Term Loan under the Term Loan Agreement to a fluctuating rate of interest equal to three-month LIBOR (with a floor of 1.5%) plus 8.25% per annum; and (4) the elimination of Cash Dominion Event status and a change in Cash Dominion to be triggered only in the event of (a) the occurrence and continuance of any Event of Default or (b) Excess Availability of less than (A) 10.0% of the Revolving Loan Cap at any time or (B) 12.5% of the Revolving Loan Cap for three consecutive Business Days. During 2018, debt issuance costs of approximately \$0.3 million were associated with the Term Loan and are being amortized over its term. The elimination of cash dominion status changed the debt classification from a short-term to long-term obligation.

On February 26, 2019, we entered into Amendment No. 3 (the "Third Term Loan Amendment") to the Term Loan Agreement. The Third Term Loan Amendment provided for, among other things, a modification to the definition of "Capital Expenditures" and "Permitted Indebtedness" as defined in the Third Term Loan Amendment.

The Term Loan Agreement contains customary representations and warranties, affirmative and negative covenants including the retention of the existing minimum 1.0 to 1.0 consolidated fixed charge coverage ratio under the Credit Agreement, which limits borrowing availability if not met during periods where Revolving Excess Availability (as defined in the Term Loan Agreement) is less than the greater of \$20.0 million or 10.0 percent of Combined Loan Cap (as defined in the Term Loan Agreement) for four consecutive business days, and events of default for a facility of this type. The Term Loan is secured by a second lien security interest (subordinate only to the liens securing the Credit Agreement) on all assets securing the Credit Agreement (which consist of substantially all of our personal property), except furniture, fixtures and equipment and intellectual property, upon which the Term Loan lenders have a first lien security interest. If at any time prior to the first anniversary date of the Term Loan, the Revolving Excess Availability is less than \$20.0 million, if requested by the Term Loan Agent, the Term Loan will also be secured by a first lien on leasehold interests in real property with an aggregate value of not less than \$10.0 million, and the Credit Agreement will be secured by a second lien on such leasehold interests.

The Term Loan is subject to certain mandatory prepayments if an Event of Default (as defined in the Term Loan Agreement) exists. If no such Event of Default exists, proceeds of the Term Loan priority collateral are to be applied to amounts outstanding under the Credit Agreement.

The Term Loan Agent and Wells Fargo have entered into an Intercreditor Agreement dated as of March 14, 2018 (the "Intercreditor Agreement"), acknowledged by us under the Term Loan and the Credit Agreement. The Intercreditor Agreement was also amended on September 18, 2018 to incorporate the amendment to the Revolving Credit Facility and the Term Loan Agreement.

The weighted average interest rate for the amount outstanding under the Term Loan was 10.84 percent as of May 4, 2019.

Promissory Note

We believe we can borrow, on a short-term basis and subject to the formal agreement of the lender, amounts up to the cash surrender value of the life insurance policies related to our executive deferred compensation plans to provide additional liquidity if needed. At May 4, 2019, the cash surrender value of our life insurance policies was \$15.2 million.

On February 2, 2018, we executed a promissory note under which we borrowed approximately \$13.7 million (the "Promissory Note") from SunTrust Bank (the "Trustee") in its capacity as the trustee under a trust agreement (the "Trust Agreement") dated September 1, 1999. The trust established by the Trust Agreement (the "Trust") holds certain life insurance policies related to our executive deferred compensation plans. The Trustee obtained loans from the insurance policies held in the Trust in an amount not less than the amount of the Promissory Note. The Promissory Note was a short-term obligation and the proceeds were used to pay down borrowings under the existing Credit Agreement which provided additional availability under that agreement.

The Promissory Note had a fixed interest rate of 3.58 percent per annum and an original maturity date of April 1, 2018. On March 7, 2018, we executed an amendment to the Promissory Note under which the Trustee extended the maturity date of the note from April 1, 2018, to July 1, 2018 (the "Maturity Date"). The amendment did not alter the short-term nature of the Promissory Note. The Promissory Note could be prepaid in whole or in part at any time. All unpaid principal and accrued interest on the Promissory Note would have become due and payable on the Maturity Date. The Trustee could offset payments due under the Promissory Note against amounts we would otherwise be entitled to withdraw from the Trust under the terms of the Trust Agreement. On June 29, 2018, we repaid the outstanding balance of the second promissory note.

On July 31, 2018, we executed a second promissory note from SunTrust Bank for \$13.0 million, which carried a fixed interest rate of 3.58 percent per annum and an original maturity date of September 10, 2018. This note included the same terms as the Promissory Note executed on February 2, 2018. On September 10, 2018, we repaid the outstanding balance of the Promissory Note.

8. Leases

We lease all our retail store locations, support facilities and certain equipment under operating leases. Our store leases have varying terms and are generally for 10 years with options to extend the lease term for two or more 5-year periods. Annual store rent is generally comprised of a fixed minimum amount plus an insignificant contingent amount based on a percentage of sales in excess of specified levels. Most store leases also require additional payments covering real estate taxes, common area costs and insurance. Certain lease agreements contain rent holidays, and/or rent escalation clauses. Except for contingent rent, we recognize rent expense on a straight-line basis over the lease term. Contingent rent, determined based on a percentage of sales in excess of specified levels, is recognized as rent expense when achievement of the specified sales that triggers the contingent rent is probable. Construction allowances and other such lease incentives are recorded on the Condensed Consolidated Balance Sheets (Unaudited) and are amortized on a straight-line basis as a reduction of rent expense. The lease agreements do not contain any material residual value guarantees or material restrictive covenants. As most of our leases do not provide an implicit rate, we use our incremental borrowing rate based on the information available at commencement or modification date in determining the present value of lease payments.

In addition to the operating lease assets presented on the Condensed Consolidated Balance Sheets (Unaudited), assets under finance leases of \$2.0 million are included in property and equipment, net on the Condensed Consolidated Balance Sheets (Unaudited) as of May 4, 2019. The remaining finance lease obligation is split between accrued expenses and other current liabilities for the short-term portion and other liabilities for the long-term portion on the Condensed Consolidated Balance Sheets (Unaudited).

The following table summarizes our classification of lease cost (in thousands):

9. Commitments and Contingencies

We are involved in various routine legal proceedings incidental to the conduct of our business. While some of these matters could be material to our results of operations or cash flows for any period if an unfavorable outcome results, we do not believe that the ultimate resolution of currently pending legal proceedings, either individually or in the aggregate, will have a material adverse effect on our overall financial condition. During the 13 weeks ended May 4, 2019 and May 5, 2018, we did not accrue for any actual or anticipated loss contingencies.

10. Income Taxes

The provision for income taxes is based on a current estimate of the annual effective tax rate adjusted to reflect the impact of discrete items. Our effective income tax rate may fluctuate from quarter to quarter as a result of a variety of factors, including changes in our assessment of certain tax contingencies, valuation allowances, changes in tax law, outcomes of administrative audits, the impact of discrete items, and the mix of earnings. Our income tax expense for the 13 weeks ended May 4, 2019, reflects our estimated minimal taxable income for the year. The effective tax rate will be close to zero percent for all of 2019.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

As used herein, the terms "we," "our," "us" and "Stein Mart" refer to Stein Mart, Inc. and its wholly-owned subsidiaries.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which are subject to certain risks, uncertainties or assumptions and may be affected by certain factors including, but not limited to, the matters discussed in "Item 1A. Risk Factors" of our Annual Report on Form 10-K for the fiscal year ended February 2, 2019, filed with the Securities and Exchange Commission ("SEC") on March 28, 2019. Wherever used, the words "plan," "expect," "anticipate," "believe," "estimate" and similar expressions identify forward-looking statements. Should one or more of these risks, uncertainties or other factors materialize, or should underlying assumptions prove incorrect, actual results, performance or achievements may vary materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Forward-looking statements are based on beliefs and assumptions of our management and on information currently available to such management. Forward-looking statements speak only as of the date they are made, and we undertake no obligation to publicly update or revise our forward-looking statements in light of new information or future events. Undue reliance should not be placed on such forward-looking statements, which are based on current expectations. Forward-looking statements are not guarantees of performance.

The following discussion and analysis should be read in conjunction with the audited Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended February 2, 2019, filed with the SEC on March 28, 2019.

Overview

We are a national specialty off-price retailer offering designer and name-brand fashion apparel, home décor, accessories and shoes at everyday discount prices. We currently operate 283 stores across 30 states.

Financial Overview for the 13 weeks Ended May 4, 2019

- Net sales were \$314.2 million for the 13 weeks ended May 4, 2019, compared to \$326.6 million for the 13 weeks ended May 5, 2018.
- Comparable sales for the 13 weeks ended May 4, 2019, decreased 1.7 percent compared to the 13 weeks ended May 5, 2018.
- Net income for the 13 weeks ended May 4, 2019, was \$4.0 million, or \$0.08 per diluted share, compared to net income of \$7.3 million, or \$0.16 per diluted share, during the 13 weeks ended May 5, 2018.
- We had \$153.8 million, \$154.1 million and \$209.4 million of direct borrowings from our credit facilities as of May 4, 2019, February 2, 2019, and May 5, 2018, respectively.

Stores

The following table sets forth the stores activity for the 13 weeks ended May 4, 2019 and May 5, 2018:

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018
Stores at beginning of period	287	293
Stores opened during the period	-	-
Stores closed during the period	(4)	(4)
Stores at the end of period	283	289

Inventories

Inventory levels were \$274.3 million as of May 4, 2019, compared to \$255.9 million as of February 2, 2019 and \$297.0 million as of May 5, 2018. Average inventories per store as of May 4, 2019, decreased 4.9 percent from May 5, 2018. Total inventories decreased due to fewer stores at the end of the first quarter of 2019 versus 2018 and a planned decrease in Ecommerce inventories.

Important Information Regarding Non-GAAP Financial Measures

We report our financial results in accordance with accounting principles generally accepted in the United States of America ("GAAP"). However, we believe that certain non-GAAP financial measures provide users of our financial information with additional useful information in evaluating operating performance. Non-GAAP financial measures should be viewed as supplementing, and not as an alternative or substitute for, financial results prepared in accordance with GAAP. Items excluded from or included in non-GAAP financial measures may be significant and should be considered in assessing our financial condition and performance. The methods we used to calculate these non-GAAP financial measures may differ significantly from methods used by other companies to compute similar measures. As a result, the non-GAAP financial measures presented herein may not be comparable to similar measures provided by other companies.

Calculations of our comparable sales including sales from licensed departments are non-GAAP financial measures. We believe that providing calculations of changes in comparable sales, both including and excluding sales from licensed departments, assists in evaluating our ability to generate sales growth, whether through owned businesses or departments licensed to third parties. The following table sets forth these calculations.

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018
Decrease in comparable sales on an owned basis (1)	(2.5) %	(1.8) %
Impact of growth in comparable sales of departments licensed to third parties (2)	0.8 %	1.1 %
Decrease in comparable sales on an owned plus licensed basis	(1.7) %	(0.7) %

(1) Represents the period-to-period percentage change in net sales from stores open throughout the period presented and the same period in the prior year and all online sales of steinmart.com, excluding commissions from departments licensed to third parties.

(2) Represents the impact of including the full sales amounts for departments licensed to third parties throughout the period presented and the same period in the prior year on the calculation of comparable sales. We license our shoe and vintage handbag departments to third parties and receive a commission from these third parties based on a percentage of their sales. In our financial statements prepared in conformity with GAAP, we include commissions (rather than sales of the departments licensed to third parties) in our net sales. We do not include the commission amounts from licensed department sales in our comparable sales calculation.

[Table of Contents](#)**13 Weeks Ended May 4, 2019, Compared to the 13 Weeks Ended May 5, 2018 (tables presented in thousands):****Net Sales**

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018	Decrease
Net sales	\$ 314,157	\$ 326,605	\$ (12,448)
Sales percent change:			
Total net sales			(3.8)%
Comparable store sales on an owned plus licensed basis			(1.7)%

The 3.8 percent decrease in net sales reflects lower comparable store sales and fewer stores for the 13 weeks ended May 4, 2019, compared to the 13 weeks ended May 5, 2018. The 1.7 percent decrease in comparable stores sales on an owned plus licensed basis for the 13 weeks ended May 4, 2019, was primarily driven by a decrease in the number of transactions driven by lower store traffic. Comparable store sales reflect stores open throughout the period and prior fiscal year and include Ecommerce. Ecommerce sales were approximately 5.3 percent of net sales. Ecommerce sales increased 13.6 percent, including online orders shipped from our stores, and positively affected our total comparable store sales by 40 basis points for the 13 weeks ended May 4, 2019.

Other Revenue

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018	Increase
Other revenue	\$ 5,225	\$ 4,382	\$ 843
Percentage of net sales	1.7%	1.3%	0.4%

The increase in other revenue is the result of higher penetration from our growing credit card program, which has increased royalty and bounty income.

Gross Profit

Gross profit is determined as follows:

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018	Decrease
Net sales	\$ 314,157	\$ 326,605	\$ (12,448)
Cost of merchandise sold	226,698	230,621	(3,923)
Gross profit	\$ 87,459	\$ 95,984	\$ (8,525)
Percentage of net sales	27.8%	29.4%	(1.6)%

The decrease in gross profit rate for the 13 weeks ended May 4, 2019 was primarily driven by a planned reduction from accelerated markdown cadence, the impact of the shift of the 12-hour sales event from the second to the first quarter of 2019 and slightly higher markdowns to clear fall merchandise.

Selling, General and Administrative Expenses ("SG&A")

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018	Decrease
Selling, general and administrative expenses	\$ 86,136	\$ 90,509	\$ (4,373)
Percentage of net sales	27.4%	27.7%	(0.3)%

The SG&A decrease for the 13 weeks ended May 4, 2019 was primarily the result of lower store-related expenses including the impact of closed stores.

[Table of Contents](#)

Interest Expense, Net

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018	Increase
Interest expense, net	\$ 2,526	\$ 2,463	\$ 63
Percentage of net sales	0.8%	0.8%	0.0%

Interest expense is flat for the 13 weeks ended May 4, 2019, compared to the 13 weeks ended May 5, 2018. While debt is lower during the 13 weeks ended May 4, 2019, interest expense is flat to last year because of a higher blended interest rate on debt this year.

Income Taxes

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018	Decrease
Income tax expense	\$ 53	\$ 60	\$ (7)
Effective tax rate	1.3%	0.8%	(0.5)%

The small amount of income tax for the 13 weeks ended May 4, 2019 reflects our estimated minimal taxable income for the year. The effective tax rate will be close to zero percent for all of 2019.

Liquidity and Capital Resources

Capital requirements and working capital needs are funded through a combination of internally generated funds, available cash, credit terms from vendors, our \$240.0 million senior secured revolving credit facility pursuant to a second amended and restated credit agreement with Wells Fargo Bank and our \$35.0 million Term Loan (as discussed below).

Revolving Credit Facility and Equipment Term Loan

On February 3, 2015, we entered into a \$250.0 million senior secured revolving credit facility pursuant to a second amended and restated credit agreement (the "Credit Agreement") with Wells Fargo Bank ("Wells Fargo") with an original maturity of February 2020 (the "Revolving Credit Facility") and a secured \$25.0 million master loan agreement with Wells Fargo Equipment Finance, Inc. (the "Equipment Term Loan") with an original maturity of February 2018. Borrowings under the Revolving Credit Facility were initially used for a special dividend but are subsequently being used for working capital, capital expenditures and other general corporate purposes. During 2015, debt issuance costs of \$0.4 million were associated with the Revolving Credit Facility and the Equipment Term Loan. Debt issuance costs associated with the Credit Agreement are being amortized over its term. We repaid the Equipment Term Loan in full on January 22, 2018, at which time the associated debt issuance costs were fully amortized.

On February 19, 2018, we entered into Amendment No. 1 (the "Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Credit Agreement Amendment provided for, among other things, an Accommodation Period (as defined in the Credit Agreement Amendment) during which we were not required to meet the Fixed Charge Coverage Ratio (as defined in the Credit Agreement). This change permitted us to borrow the full amount of the then applicable borrowing base until we delivered our financial statements for the Measurement Period (as defined in the Credit Agreement) ended February 28, 2018. Pursuant to the Credit Agreement Amendment, a Cash Dominion Event (as defined in the Credit Agreement Amendment) occurred as of the effective date of the Credit Agreement Amendment and at all times thereafter. Because of the Cash Dominion Event, all of our cash receipts were swept daily to repay outstanding borrowings under the Credit Agreement and the amount outstanding under the Credit Agreement was classified as a short-term obligation. As noted below, the Third Credit Agreement Amendment removed the Cash Dominion Event effective September 18, 2018.

On March 14, 2018, we entered into Amendment No. 2 (the "Second Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Second Credit Agreement Amendment provided for, among other things, the following: (1) the \$25.0 million Tranche A-1 Revolving Loans (as defined in the Second Credit Agreement Amendment) were repaid in full with the proceeds of the Term Loan (as defined below); (2) the entry into the Intercreditor Agreement (as defined below); and (3) certain other modifications and updates to coordinate the Revolving Credit Facility with the Term Loan.

On September 18, 2018, we entered into Amendment No. 3 (the "Third Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Third Credit Agreement Amendment provided for, among other things, the following:

[Table of Contents](#)

(1) the increase of Aggregate Tranche A Revolving Loan Commitments (as defined in the Second Credit Agreement Amendment) from \$225.0 million to \$240.0 million; (2) an extension of the maturity date of the Revolving Credit Facility to the earlier of (a) the maturity date of the Term Loan Agreement (as defined below) or (b) September 18, 2023; and (3) the elimination of Cash Dominion Event status and a change in Cash Dominion to be triggered only in the event of (a) the occurrence and continuance of any Event of Default or (b) Excess Availability of less than (A) 10.0% of the loan cap at any time or (B) 12.5% of the loan cap for three consecutive business days. During 2018, debt issuance costs of less than \$0.1 million were associated with the Third Credit Agreement Amendment and are being amortized over its respective term. Debt issuance costs of \$0.1 million remaining under the initial Credit Agreement will also be amortized over the new term of the Third Credit Agreement Amendment. The elimination of cash dominion status changed the debt classification from a short-term to long-term obligation.

On February 26, 2019, we entered into Amendment No. 4 (the "Fourth Credit Agreement Amendment") to the Credit Agreement with Wells Fargo. The Fourth Credit Agreement Amendment provided for, among other things, a modification to the definition of "Capital Expenditures" and "Permitted Indebtedness" as defined in the Fourth Credit Agreement Amendment.

The Credit Agreement contains customary representations and warranties, affirmative and negative covenants (including the requirement of a 1.0 to 1.0 consolidated Fixed Charge Coverage Ratio upon the occurrence and during the continuance of any Covenant Compliance Event, as defined in the Credit Agreement), and events of default for facilities of this type and is cross-collateralized and cross-defaulted. Collateral for the Revolving Credit Facility consists of substantially all of our personal property. Wells Fargo has a first lien on all collateral other than equipment.

Borrowings under the Credit Agreement are either base rate loans or London Interbank Offered Rate ("LIBOR") loans. LIBOR loans bear interest equal to the adjusted LIBOR plus the applicable margin (125 to 175 basis points) depending on the quarterly average excess availability. Base Rate Loans bear interest equal to the highest of (a) the Federal Funds Rate plus 0.50 percent, (b) the adjusted LIBOR plus 1.00 percent, or (c) the Wells Fargo "prime rate," plus the Applicable Margin (25 to 75 basis points).

The weighted average interest rate for the amount outstanding under the Credit Agreement was 4.12 percent as of May 4, 2019.

Term Loan

On March 14, 2018, we entered into a Term Loan Credit Agreement with Gordon Brothers Finance Company, as administrative agent (in such capacity, the "Term Loan Agent"), and Gordon Brothers Finance Company, LLC, as lender (the "Term Loan Agreement"). The Term Loan Agreement provided for a term loan in the amount of \$50.0 million (the "Term Loan"). Debt issuance costs associated with the Term Loan were capitalized in the amount of \$0.9 million and will be amortized over the term of the Term Loan. The net proceeds of \$49.1 million from the Term Loan were used to permanently pay off the \$25.0 million Tranche A-1 Revolving Loan (as defined in the Credit Agreement) and to pay down the Revolving Credit Facility. After utilizing proceeds from the Term Loan for repayment of amounts outstanding under the existing Tranche A-1 Revolving Loans, the Term Loan resulted in an increase in our Excess Availability of approximately \$25.0 million under the Credit Agreement.

The Term Loan originally matured on the earlier of (1) the termination date specified in our Credit Agreement, as such date may be extended with the consent of the Term Loan Agent or in accordance with the Intercreditor Agreement (defined below), and (2) March 14, 2020.

On September 18, 2018, we entered into Amendment No. 2 (the "Second Term Loan Amendment") to the Term Loan with Gordon Brothers Finance Company. The Second Term Loan Amendment provided for, among other things, the following: (1) the reduction of the maximum amount of the Term Loan to \$35.0 million; (2) an extension of the maturity date of the Term Loan Agreement to the earlier of (a) the termination date specified in the Revolving Credit Facility (as defined in the Third Credit Agreement Amendment), and (b) September 18, 2023; (3) the reduction of the non-default interest rate applicable to the Term Loan under the Term Loan Agreement to a fluctuating rate of interest equal to three-month LIBOR (with a floor of 1.5%) plus 8.25% per annum; and (4) the elimination of Cash Dominion Event status and a change in Cash Dominion to be triggered only in the event of (a) the occurrence and continuance of any Event of Default or (b) Excess Availability of less than (A) 10.0% of the Revolving Loan Cap at any time or (B) 12.5% of the Revolving Loan Cap for three consecutive Business Days. During 2018, debt issuance costs of approximately \$0.3 million were associated with the Term

Loan and are being amortized over its term. The elimination of cash dominion status changed the debt classification from a short-term to long-term obligation.

On February 26, 2019, we entered into Amendment No. 3 (the "Third Term Loan Amendment") to the Term Loan Agreement. The Third Term Loan Amendment provided for, among other things, a modification to the definition of "Capital Expenditures" and "Permitted Indebtedness" as defined in the Third Term Loan Amendment.

The Term Loan Agreement contains customary representations and warranties, affirmative and negative covenants including the retention of the existing minimum 1.0 to 1.0 consolidated fixed charge coverage ratio under the Credit Agreement, which limits borrowing availability if not met during periods where Revolving Excess Availability (as defined in the Term Loan Agreement) is less than the greater of \$20.0 million or 10.0 percent of Combined Loan Cap (as defined in the Term Loan Agreement) for four consecutive business days, and events of default for a facility of this type. The Term Loan is secured by a second lien security interest (subordinate only to the liens securing the Credit Agreement) on all assets securing the Credit Agreement (which consist of substantially all of our personal property), except furniture, fixtures and equipment and intellectual property, upon which the Term Loan lenders have a first lien security interest.

The Term Loan is subject to certain mandatory prepayments if an Event of Default (as defined in the Term Loan Agreement) exists. If no such Event of Default exists, proceeds of the Term Loan priority collateral are to be applied to amounts outstanding under the Credit Agreement.

The Term Loan Agent and Wells Fargo have entered into an Intercreditor Agreement dated as of March 14, 2018 (the "Intercreditor Agreement"), acknowledged by us under the Term Loan and the Credit Agreement. The Intercreditor Agreement was also amended on September 18, 2018 to incorporate the amendment to the Revolving Credit Facility and the Term Loan Agreement.

The weighted average interest rate for the amount outstanding under the Term Loan was 10.84 percent as of May 4, 2019.

Promissory Note

We believe we can borrow, on a short-term basis and subject to the formal agreement of the lender, amounts up to the cash surrender value of the life insurance policies related to our executive deferred compensation plans to provide additional liquidity if needed. At May 4, 2019, the cash surrender value of our life insurance policies was \$15.2 million.

On February 2, 2018, we executed a promissory note under which we borrowed approximately \$13.7 million (the "Promissory Note") from SunTrust Bank (the "Trustee") in its capacity as the trustee under a trust agreement (the "Trust Agreement") dated September 1, 1999. The trust established by the Trust Agreement (the "Trust") holds certain life insurance policies related to our executive deferred compensation plans. The Trustee obtained loans from the insurance policies held in the Trust in an amount not less than the amount of the Promissory Note. The Promissory Note was a short-term obligation and the proceeds were used to pay down borrowings under the existing Credit Agreement which provided additional availability under that agreement.

The Promissory Note had a fixed interest rate of 3.58 percent per annum and an original maturity date of April 1, 2018. On March 7, 2018, we executed an amendment to the Promissory Note under which the Trustee extended the maturity date of the note from April 1, 2018, to July 1, 2018 (the "Maturity Date"). The amendment did not alter the short-term nature of the Promissory Note. The Promissory Note could be prepaid in whole or in part at any time. All unpaid principal and accrued interest on the Promissory Note would have become due and payable on the Maturity Date. The Trustee could offset payments due under the Promissory Note against amounts we would otherwise be entitled to withdraw from the Trust under the terms of the Trust Agreement. On June 29, 2018, we repaid the outstanding balance of the Promissory Note.

On July 31, 2018, we executed a second promissory note from SunTrust Bank for \$13.0 million, which carried a fixed interest rate of 3.58 percent per annum and an original maturity date of September 10, 2018. This note included the same terms as the Promissory Note executed on February 2, 2018. On September 10, 2018, we repaid the outstanding balance of the second promissory note.

Cash flows from operations are driven by sales as well as the credit terms available to us from our vendors and their factors. Our sales generate cash almost immediately and are affected by customer traffic to our stores and the desirability of our merchandise to those customers. Customer traffic is in turn affected by our marketing and advertising, general economic

[Table of Contents](#)

and business conditions, and weather. Changes in these factors could have a material effect on our ability to generate sales and thus cash inflows to operate our business.

Our cash outflows can be materially affected by changes in credit terms and availability from our vendors and their factors. During the first quarter of 2018, our vendors and factors constricted our credit terms and limits significantly. This was a reaction to our 2017 third-quarter results, as well as concern about the general retail environment at the time, which included multiple bankruptcies and restructurings by other retailers in the same business. This constriction caused us to make payments to our vendors and factors more quickly than in prior periods, thus increasing our debt levels during that period. The added availability from the Term Loan Agreement was a key part of our ability to fund the accelerated payments. We have non-disclosure agreements with the major factors, credit insurers and several of our largest vendors which allow us to communicate our operating results and cash flows to them on a regular basis. During 2018, we made periodic presentations to our key vendors and factors and we continue to communicate our operating results and cash flows to them. These steps have contributed to the positive movement in their credit arrangements with us, which has continued through the first quarter of 2019.

Our working capital fluctuates with seasonal variations which affect our borrowings and availability. Our availability is highest just after our strong seasonal spring and holiday selling seasons and is lowest just before those seasons as we build inventory levels. Working capital is also used to support capital investments for maintenance of our existing stores, system improvements and new store openings. We have reduced our capital investments to enhance our cash flows. These reduced levels of investment can be sustained for the foreseeable future as prior to this our store base and systems have been well maintained. Positive operating results and cash flows will help us preserve satisfactory credit terms and allow us to operate within the borrowing availability under our Credit Agreement and Term Loan Agreement.

Based on our current expectations regarding our operating results we consider our resources adequate to satisfy our cash needs for at least the next 12 months.

As of May 4, 2019, we had cash and cash equivalents of \$21.9 million and \$118.8 million in borrowings under our Credit Agreement and \$35.0 million in borrowings under the Term Loan, for a total of \$153.0 million in outstanding borrowings, net of \$0.8 million in unamortized debt issuance costs. As of February 2, 2019, we had cash and cash equivalents of \$9.0 million and \$119.1 million in borrowings under our Credit Agreement and \$35.0 million in borrowings under the Term Loan, for a total of \$153.3 million in outstanding borrowings, net of \$0.8 million in unamortized debt issuance costs. As of May 5, 2018, we had cash and cash equivalents of \$16.2 million and \$146.1 million in borrowings under our Credit Agreement, \$50.0 million in borrowings under the Term Loan and \$13.3 million in borrowings under the Promissory Note, for a total of \$209.4 million in outstanding borrowings. The total amount available for borrowings and letters of credit under our Credit Agreement is the lesser of \$240.0 million or 100 percent of eligible credit card receivables and the net recovery percentage value of inventories less reserves. On May 4, 2019, in addition to outstanding borrowings under the Credit Agreement and Term Loan, we had \$7.9 million of outstanding letters of credit. Our Excess Availability (as defined in the Credit Agreement) was \$102.0 million on May 4, 2019. As of May 4, 2019, we had \$15.2 million available to borrow, on a short-term basis, which would be collateralized by life insurance policies.

Cash Flows

	13 Weeks Ended May 4, 2019	13 Weeks Ended May 5, 2018	Change
Cash provided by (used in):			
Operating activities	\$ 15,183	\$ (47,206)	\$ 62,389
Investing activities	(1,679)	850	(2,529)
Financing activities	(620)	52,121	(52,741)
Net increase in cash and cash equivalents	\$ 12,884	\$ 5,765	\$ 7,119

Net cash provided by operating activities was \$15.2 million for the 13 weeks ended May 4, 2019, compared to net cash used in operating activities of \$47.2 million for the 13 weeks ended May 5, 2018. The increase in cash provided by operating activities was primarily due to improved credit terms from vendors and factors since the first quarter of 2018. Our decreased inventory purchases over last year also affected operating cash flows.

Net cash used in investing activities was \$1.7 million for the 13 weeks ended May 4, 2019, compared to net cash provided by investing activities of \$0.9 million for the 13 weeks ended May 5, 2018. The change is primarily due to last year's proceeds from cancelled corporate-owned life insurance policies.

[Table of Contents](#)

Net cash used in financing activities was \$0.6 million during the 13 weeks ended May 4, 2019, compared to cash provided by financing activities of \$52.1 million during the 13 weeks ended May 5, 2018. During the 13 weeks ended May 4, 2019, we had net repayments of debt of \$0.3 million. We paid accrued cash dividends on vested employee stock awards of less than \$0.1 million and capital lease payments of \$0.2 million. In addition, we repurchased 102,543 shares of common stock for \$0.1 million. During the 13 weeks ended May 5, 2018, we had net proceeds of debt of \$53.3 million, primarily due to our accelerated payments to vendors. We also paid debt issuance costs of \$0.8 million, paid accrued cash dividends on vested employee stock awards of \$0.1 million and capital lease payments of \$0.2 million. In addition, we repurchased 45,103 shares of common stock for less than \$0.1 million. See Note 5 “Shareholders’ Equity” of the Notes to Condensed Consolidated Financial Statements (Unaudited) for further discussion.

Critical Accounting Policies and Estimates

We discuss our critical accounting policies and estimates in Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” in our Annual Report on Form 10-K for the year ended February 2, 2019 and filed with the SEC on March 28, 2019. Except for the adoption of the lease accounting standard (Topic 842), we have made no significant changes in our critical accounting policies and estimates since February 2, 2019.

Recent Accounting Pronouncements

Recently issued accounting pronouncements are discussed in Note 1 “Basis of Presentation” of the Notes to Condensed Consolidated Financial Statements (Unaudited).

Seasonality and Inflation

Our business is seasonal. Sales and profitability are historically higher in the first and fourth quarters of the fiscal year, which include the spring and holiday seasons. Therefore, results for any quarter are not necessarily indicative of the results that may be achieved for a full fiscal year.

Although we expect that our income will be influenced by general economic conditions, we do not believe that inflation has had a material effect on our results of operations. However, there can be no assurance that our business will not be affected materially by inflation in the future.

ITEM 4. CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as of the end of the period covered by this report. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective as of May 4, 2019, to provide reasonable assurance that information required to be disclosed in our reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including the Chief Executive Officer and the Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting during the most recent fiscal quarter that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting other than the Company adopted ASC 842, *Leases*, on February 3, 2019, and implemented new controls and processes to meet the requirements of the standard.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

See the discussion of legal proceedings in Note 9 “Commitments and Contingencies” of the Notes to Condensed Consolidated Financial Statements (Unaudited) included in Item 1 of Part I of this Quarterly Report, which is incorporated by reference into this Item 1 of Part II.

ITEM 1A. RISK FACTORS

There have been no material changes in our risk factors from those described in our Annual Report on Form 10-K for the year ended February 2, 2019.

(1) Our Open Market Repurchase Program is conducted pursuant to authorizations made from time to time by our Board of Directors.

(2) On November 30, 2015, the Board of Directors announced that it had authorized the repurchase of 500,000 shares of our common stock in addition to amounts previously authorized.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

Subsequent to the disclosure of our first quarter earnings release on May 22, 2019 and prior to the filing of this Quarterly Report on Form 10-Q, we recognized a cumulative effect adjustment totaling \$2.1 million for transition impairments associated with previously impaired leased locations relating to the adoption of ASU 2016-02, *Leases*, which was recorded as a reduction to operating lease assets and an increase to retained deficit. Furthermore, we identified a financial statement misstatement related to previous impairment calculations, which resulted in an overstatement of property and equipment, net, and an understatement of retained deficit of \$4.1 million and \$3.9 million as of February 2, 2019 and May 5, 2018, respectively. The error also resulted in an understatement of selling, general and administrative expenses of \$0.2 million and less than \$0.1 million for the year ended February 2, 2019 and 13 weeks ended May 5, 2018, respectively. Additionally, we revised the classification between the current and noncurrent portions of operating lease liabilities by \$4.0 million for the 13 weeks ended May 4, 2019 which reduced the current portion and increased the noncurrent portion by this amount. These adjustments are reflected in the financial results included in this Quarterly Report on Form 10-Q.
